## Missionary to the Central Region of Ghana

## Business Coordinator for MABMI (Ghana)

We served the Lord for seventeen years in Liberia. Four years of this was in Bible College, and the rest of the time as pastor of the Grace Baptist Church of Yekepa, Liberia (1975-1990).

From the first, we were burdened for the unreached people in our home country Ghana, West Africa, We were especially burdened to reach those in the fishing villages of the Central Region where both my wife and I are from. Many in this area are very spiritually ignorant. (Rom. 10:1-4)

I was commissioned as a missionary to Ghana in 1990. I pastored the Christiansborg at Osu in Accra for ten years (1990-2000).

In the year 2000, we moved into full-time missionary and Church Planting ministry in the Central Region. We praise God for the support and backing of MABMI and Calvary Baptist Church of Techiman who took us on as shepherd care and sending Church owing to the situation then in Liberia.

The Lord has blessed our ministry with four church plants: three in the Central Region and Crossroads Baptist Church in the Greater Accra Region. We have a team of five preachers including three Bible School graduates and one Bible School student working with us. Each one of these men is overseeing one church plant with the Bible student as my assistant in the Mother Church. We work as a team of pastors along with the team of pastors from Calvary Baptist Church in Techiman.

**OUR GOALS:** We are prayerfully considering setting up a Bible Institute to train men to be pastors. We planted one church in October 2004 in Kasoa, Central Region and one in November 2006 in Accra. We want to reach out to plant another church in another major town Agona Swedru also in the Central Region.

## Pastoral Team (From Left to right)

1. Rev. John Abedu-Kennedy (Sr. Pastor, NLBC Apam)
2. Pastor Isaac Ebo Otwey (NLBC - Mumford)
3. Brother Joseph Arhin - (Bible Student)
4. Pastor Edward Owiredu (NLBC Kasoa)
5. Pastor Josiah Abedu-Kennedy (CBC E. Legon, Accra)

**New Life Baptist Church: Bible Institute and Guest House building under construction in Mumford C/R.**

**Inaugurating CROSSROADS BAPTIST CHURCH, Accra**

**MINISTRY NEEDS:** We start our church plant meetings in public school buildings. Most of our church plants need to buy land for putting up church buildings. All of our pastors have need of transportation to travel between the village ministries. Finally, we need God's provision to enable us to complete the work on the Bible School and Guest House buildings in Mumford.
