

Miss Susan Oppenheimer

Susan returned to the United States in late August of 2007 on a medical leave. Susan is a cancer survivor and she had some health concerns that she need to get checked out in America. Please remember to pray for her. We hope she will be back in Ghana by May of 2008 to continue her work in the Sunyani road villages, with Pastor Atta & Afia Takyi.

Auntie was teaching Sunday school to over 120 children in Bonkwai every Sunday. She has been able to lead around 20 of these children to Christ and some of these have already baptized. She has also organized some training for the older children in teaching the little ones.

^d She was working in the ladies ministry of Calvary Baptist Church, Bonkwai which reaches into six different villages on the Sunyani road. Many of the ladies that attend were won to Christ by Auntie on their Tuesday and Saturday visitation. After the ladies receive Christ, Susan tries to disciple them to become faithful in the church.

^f Susan also teaches about 5 woman in our ladies Bible School. Most of these ladies are Pastor's wives. She teaches them sound doctrine and many teaching skills for teaching children in their churches.

Susan also helps Steve & Michelle Volante home school their children. Susan is a hard working fruitful missionary. On her behalf we thank you for your support in the ministry.
